

**RE-1 VALLEY SCHOOL DISTRICT
Sterling Colorado**

ATHLETIC AND ACTIVITY PARTICIPATION FEES

2008- 2009

In order to help defray expenses associated with the District's athletic and activity programs as they currently exist, participation fees must be assessed to participants.

Guidelines for Administration of Participation Fees

1. No one will be denied participation because of need. Every effort will be afforded a participant to have a sponsor that will assist with payment of fees. Federal Food Service Guidelines will form the priority basis of need.
2. All participation fees must be paid in full **prior** to the student being allowed to participate in any sport or activity. This would include the issuing of any equipment.
3. All participation fees shall be paid to the bookkeeper of the school the student will be attending that academic year. The school bookkeeper shall not accept payment for a student attending any other school. Coaches or sponsors shall not accept any participation fees from participants.
4. Students transferring into the building or students who come out for a sport or activity prior to the first sanctioned competitive contest or event will be expected to pay the full participation fee.
5. Students transferring into the building who go out for a sport or activity after the first sanctioned competitive contest or event will be expected to pay 50% of the participation fee.
6. Athletes who are cut will have full participation fee refunded.
7. The participation fee will not be returned if a participant quits the team or activity for which the fee has been paid.
8. Participants who are removed from a team due to disciplinary action or infraction of the Participation Contract will not have the fee refunded.
9. Payment of the participation fee entitles the student to participate in a practice or activity, but does not guarantee student participation in sanctioned events.

Maximum athletic participation fee is not to exceed \$120 per student per year for Sterling Middle School and Caliche Junior High School and \$170 per student per year for Sterling High School and Caliche High School. There is to be a family cap of \$400.

CLASSROOM INSTRUCTION FEES

2008- 2009

Classroom instruction fees are needed for additional costs associated with particular classes. These fees have no association with Participation Fees and payment does not accumulate toward the Participation Fee individual limit.

Sterling Middle School

7th Grade Art	\$ 9.00 Lab Fee
